

Lester Royal

Chief Operations Officer

As one of the founders of TRI-Construction, Inc., Lester's experience in the construction field has spanned over 20 plus years. Serving in several capacities at TRI-Construction. Lester is the lead driving force behind the operations and safety of the work performed throughout the teams. Lester's intentions for the next decade for TRI-Construction, Inc., is to become one of the largest minorities contractors in the Twin Cities Metro Area.

"My vision for TRI-Construction is to employ workers from our community while increasing the contributions of minority and women in the field. Support them in development of their skills and produce quality tradespeople." Lester is committed to completing projects on time and on budget. Spear heading one of the largest multi-million-dollar projects, Lester received the diversity award from the **Twins Stadium** for **exceeding** the women and minority goal for the duration of the project.

Lester uses his role as a leader at TRI-Construction, Inc. to actively drive quality and productivity through every platform and opportunity.
